UNM NM - CAPP
 NM Child Abuse Prevention Partnership

THANK YOU

UNM-NMCAPP would like to thank all of the people who have supported us over the past 3 years. Thanks to your generosity and participation, we can now expand our efforts in the area of child abuse prevention. Our vision is to impact the entire state of New Mexico in child abuse prevention efforts. We will accomplish this by partnering with ECHO to reach rural and urban areas of New Mexico. You have made us financially solvent and ready to dramatically expand our awareness and prevention efforts. We are proud to announce that we will be hosting a statewide child abuse prevention summit on the 23rd-24th of October, 2015 at the Domenici Center. This is a "train the trainers" educational summit which will focus on best practices in child abuse prevention. We will be offering continuing education credits for many of the workshops. A call for proposals has been sent out and we are experiencing statewide enthusiasm regarding this endeavor. We also helped sponsor a child abuse prevention and awareness documentary that will be aired on KOB TV, channel 4 on the 14th of April 2015 at 9pm.

Thank you again for your continued support, your encouragement, and your participation. As an all-volunteer organization, we are only as good as our supporters.
